ISINYAGROUP.COM

Marking our **25th year of excellence in the flower production** since establishment in 2001, the the **Isinya Group** has grown from a single rose farm into a diversified floriculture enterprise, recognized locally and internationally for high-quality flowers, reliable supply and sustainable practices.

The group is **Fairtrade, MPS and Global G.A.P** certified, reflecting its commitment to social responsibility, environmental sustainability and global quality standards.

Over the past 25 years, the group has expanded its operations to cover a total of **125 hectares** across all farms, producing a diverse portfolio of **spray roses, standard premium roses, intermediate roses, and summer flowers**, consistently meeting the needs of buyers in **Europe, the United Kingdom, the Middle Eastern Europe, Australia, and Asia**.

PORINI
PREMIUM FLOWERS

a cut above the rest

The highest flower and rose in Kenya at an altitude of 2000 meters, **Porini Flowers**, situated in **Molo, Nakuru County**, leverages high-altitude, cool climate conditions to produce *strong, well-formed standard premium roses* with excellent vase life. In addition to roses, Porini also produces *summer flowers*, supporting seasonal market demands and product diversification. Porini's operations are a key part of the group's reputation for quality and reliability.
